

## Phoenix From the Ashes

Elis

We will rise  
from the ashes  
Many days and many years  
I tried to live how she told me  
But I was yearning for something more  
To fill the emptiness inside  
And it never was enough  
To fill me up  
And it never was enough  
For my restless mind  
Phoenix from the ashes  
Our wounds will be healed  
Phoenix from the ashes  
We'll be born again and rise  
Now that I have found a way  
To salvation I know I will be  
So much stronger than before  
Nothing will ever break me  
And it's gonna be enough  
To fill me up  
And it's gonna be enough  
For my restless mind  
Phoenix from the ashes  
Our wounds will be healed  
Phoenix from the ashes  
We'll be born again and rise  
We will rise  
from the ashes
