

Dot In The Universe

Elisa

I'm a dot in the universe I'm a mind
I'm the daughter of my mother and it feels fine
Somewhere in time somewhere in space
A constellation where I drew her face

I'm a dot in this universe
Running off the tracks
I'm a step from the edge but I'm an acrobat
Stretching my arms
Stretching my faith
Walking a tightrope
And still I feel safe

Well, I'll find my way home
I'll find my way
I'll find my way home
I'll find my way

I'm a dot in this universe, I'm alive
I'm a fast car aching to drive
I'm autumn turned leaves
Wind through the trees
First day of Summer
And still snow falling

I'm a dot in this universe, I'm a heart
Breaking not able to play the part
I am just a leftover dream
But I'll die a little so I'll become real

Well, I'll find my way home
I'll find my way
I'll find my way home
I'll find my way
Hey hey hey oh....

A moment of you talking with your eyes
The warmth of your hand holding on to mine
I'd be a fool to not realize
How lonely I'd feel without it
So I don't want to lose love
If it takes this whole world
If it takes my whole world
