Heaven Out Of Hell

So are you turning around your mind do you think the sun won't shine this time are you breathing only half of the air are you giving only half of a chance don't you wanna shake because you love cry because you care feel 'cause you're alive sleep because you're tired

make heaven, heaven out of hell now ...

are you locked up in you counting the days oh how long until you have your freedom just shake because you love cry because you care feel 'cause you're alive sleep because you're tired shake because you love bleed 'cause you got hurt die because you lived

make heaven, heaven out of hell now ...

are you still turning around the same things are you still trying that way are you still praying the same prayers are you still waiting for that same day to come

climbing the same mountain you're not getting higher you're running after yourself can't let go hiding in that place you don't wanna be you push happiness so far away but it comes back to give you all that you've given before to love you the way that you do, like a mirror look in the air 'n catch that boomerang can't fall anywhere else but in your hand

and make heaven heaven out of hell now make heaven heaven out of hell now... make heaven heaven out of hell now make heaven heaven out of hell now are you still waiting make heaven heaven out of hell now are you still praying make heaven heaven out of hell now are you still losing make heaven heaven out of hell now make heaven
