

## One Step Away (Eppure Sentire)

Elisa

One step away  
from all I want  
and I know it's all here

afraid to move  
afraid to choose  
afraid of my own fear

of times when I may not be strong  
places were I may not belong

but I hold on  
to this feeling  
that stands above all feelings  
tellin' me not to let go

and I live on  
this feeling  
the greatest of all feelings  
tellin' me not to grow cold

please help me get through  
and let me in you
