

# Peter Pan

Elisa

Hold my hand Peter pan  
Hold my hand Peter pan

Turn it up, turn it up  
Play my favorite song  
I'll show you love, I'll show you home, I'll show you where I belong  
Hold my hand Peter pan  
But you can never land  
Love's in bloom  
I'm the fool building castles of sand  
And I know you're blaming on the weekend  
She's got that something.. spare me all the details  
Please  
Please

I do believe it's true  
You want the same thing that I  
That I want too  
I do believe it's true  
You want the same thing that I  
That I want too  
The same thing that  
The same thing that  
The same thing that

It's all my fault, all my fault  
If it's hurt that you choose  
I'll go home with this bruise  
Nothing more I can lose  
I don't care to fake it with some makeup  
All and all these words  
Too much to take, c'mon  
Please c'mon please

I do believe it's true  
You want the same thing that I  
That I want too  
I do believe it's true  
You want the same thing that I  
That I want too  
The same thing that  
You want the same thing that  
The same thing that  
You want the...  
Hold my hand Peter pan  
You want the  
Hold my hand Peter pan

I do believe it's true  
You want the same thing that I  
That I want too  
I do believe it's true  
You want the same thing that I  
That I want too  
I do believe it's true  
You want the same thing that I  
That I want too

I do believe it's true  
You want the same thing that I  
That I want too  
That I want too  
That I want too  
That I want too  
You want the...
