

I don't mean to be the kitty in the middle  
But he's playing you second fiddle  
Jack's been nimble  
Jack's been quick  
The way he treats you makes me sick  
Don't you know that you'll never change him  
That dog, you can never cage him  
Everybody else can see it  
But you just won't believe it

Ix-nay on the oyfriend-bay  
Can he treat you that a way  
Not hey diddle diddle dum dum  
Not hey diddle diddle dum dum  
ose-lay the oser-lay  
Those boots are made for alking-way  
Not hey diddle diddle dum dum  
Not hey diddle diddle dum dum

Boom there go the onomatopoeia  
Drop the bomb, sayonara, see you  
You a dish  
You deserve a silver spoon  
Someone to send you over the moon  
Don'tchu know how you should be treated  
You a dime, don't get cheated  
Everybody else can see it  
But you just won't believe it
