

# Time Stands Still

Elitist

Who came before us?  
What lies ahead?  
When will we know of our god?

Woven through the history suspended in time  
Created from the very mold in which we will die

In the blink of an eye we will construct instincts and  
memories  
In the blink of an eye we will construct instincts and  
memories

(2x)

Who came before us?  
What lies ahead?  
When will we know of our god?

Everything in sequence  
Everything in its right place  
Everything in sequence  
When will we ever stand still?

We are here  
Slowing down the hands of time will not make us  
disappear  
We are here  
With knowledge and purpose  
Strength will find us

We are here  
Slowing down the hands of time will not make us  
disappear  
We are here  
With knowledge and purpose  
Strength will find us

Everything in sequence  
Everything in its right place  
Everything in sequence  
When will it ever stand still?

Who came before us?  
What lies ahead?  
When will we know of our god?

Who came before us?  
What lies ahead?  
We will find our way

We are here  
Slowing down the hands of time will not make us  
disappear  
We are here  
With knowledge and purpose  
Strength will find us
