

Unto The Sun

Elitist

Open up your mind
Disconnect from what you know to be reality
Fuse into your surroundings
You're not alone
Underneath the sun
You're not alone
Underneath this illusion

Unto the sun
I give my blood
Unto the sun
I give my blood

Who will be chosen to restore the power, to the kingdom
of light
The third in the sequence
The last to announce
The lost word
The last sound

Unto the sun
I give my blood
In search for the power
Unto the sun
I give my blood
Sacrificing all that's left in me

Who will be chosen to restore the power, to the kingdom
of light
The third in the sequence
The last to announce
The lost word
The last sound

Unto the sun
I give my blood
Unto the sun
I give my blood

Open up your mind
Disconnect from what you know to be reality
Fuse in to your surroundings
You're not alone
Underneath the sun
You're not alone
Underneath this illusion
