That Old Feeling

Ella Fitzgerald

Last night I started out happy Last night my heart was so gay Last night I found myself dancing In my favorite cabaret You were completely forgotten Just an affair of the past Then suddenly something happened to me And I found my heart beating, oh, so fast

I saw you last night and got that old feeling When you came in sight I got that old feeling The moment that you danced by I felt a thrill And when you caught my eye my heart stood still Once again I seemed to feel that old yearning And I knew the spark of love was still burning There'll be no new romance for me, it's foolish to start For that old feeling, is still in my heart

I saw you last night and got that old feeling When you came in sight I got that old feeling The moment that you danced by I felt a thrill And when you caught my eye my heart stood still Once again I seemed to feel that old yearning And I knew the spark of love was still burning There'll be no new romance for me, it's foolish to start For that old feeling, is still in my heart
