

With a Song In My Heart

Ella Fitzgerald

Though I know that we meet every night
And we couldn't have changed since the last time
To my joy and delight
It's a new kind of love at first sight

Though it's you and it's I all the time
Every meeting's a marvelous pastime
You're increasingly sweet
So whenever we happen to meet

I greet you with a song in my heart
I behold your adorable face
Just a song at the start
But it's soon is a hymn to your grace

When the music swells
I'm touching your hand
It tells that you're standing near, and
At the sound of your voice

Heaven opens its portals to me
Can I help but rejoice
That a song such as ours came to be
But I always knew
I would live life through
With a song in my heart for you
