

Cold Case

Elle Varner

Aww love is such a beautiful thing
So fucking beautiful...
Especially in the beginning
When everyone's so happy
And so honest, and so real and...
Loving and affectionate
And cared for you
And Not cheating on you, not fucking some other bitch

I got this case on my hands that I can't crack
But I've been gathering all that I can
One of those things that I must understand, understand

Cause you went and changed up on me much too fast
Talk about lightning speed, lightning speed
But it ain't no unsolvable mystery
I gotta get down to it

My eyes and ears are open wide
Gon' take my time but I'm gon' find the answer to this mystery
Boy you ain't heard the last from me
Ooooh ooooooh ooooooh
Ooooh ooooooh ooooooh
Ooooh ooooooh

She, she ain't got nothing on me
Couldn't be her or maybe you're stupid enough
I'm not sure, I really don't know you so well anymore, anymore

But still, still I can't sleep well at night until, til I get down to
it
Down to it
I put away the piles of files on my desk
I won't rest

My eyes and ears are open wide
Gon' take my time but I'm gon' find the answer to this mystery
Boy you ain't heard the last from me
Ooooh ooooooh ooooooh
Ooooh ooooooh ooooooh
Ooooh ooooooh

My eyes and ears are open wide
Gon' take my time but I'm gon' find the answer to this mystery
Boy you ain't heard the last from me
Ooooh ooooooh ooooooh
Ooooh ooooooh ooooooh
Ooooh ooooooh
