

## Where Your Man Is?

Elle Varner

Now, I don't want no problems  
I don't need no issues  
Well honey, if you really love him then I'll pass you tissues  
Don't know how he got my number and asking me to dinner  
But I only fuck with winners so I never even hit him

Damn(damn) I don't want I don't want ya man(man)  
Girl I don't want yo man  
Damn I don't want I don't want ya man

I'ts nine o'clock on Sunday night do you know where your man is  
?  
I just seen on Instagram another girl just tagged him  
You don't understand? What you on? Another planet?  
Nine o'clock on Sunday night do you know where your man is?

Damn(damn) I don't want I don't want ya man(man)  
Girl I don't want yo man  
Damn I don't want I don't want ya man

Now I am not a psychic but he probably with a side chick  
In Miami or Atlanta and you bet that shit on silent  
Now you got all these questions and wish you had some answers  
But my guess he's up in king of diamonds with some dancers  
(Man)
