

# Wannabies

ELLEGARDEN

None of us can help dreaming  
Because a dream is what colours our lives  
So we wish though it never comes true

Any time at any place  
We're writing down a page of our own story  
Everyday is a new adventure  
Hardship is also a part of the story

Close your eyes fast and you can become the one you wanna be

We wanna be We wanna be M.Jordan  
We wanna be We wanna be Brad Pitt  
We wanna be We wanna be Hiroshige  
We are wannabies

Any time at any place  
We're writing down a page of our own story  
Looking for the title of our own  
Heading towards the new chapter ahead

Close your eyes and you can feel it  
The way you wanna go is always right  
We are just wannabies

We wanna be We wanna be J.Hendrix  
We wanna be We wanna be Bruce Lee  
We wanna be We wanna be A.Einstein  
We are wannabies  
We are wannabies

We can dream it

Any time at any place  
There're people struggling to figure out  
What is the point of being real and  
What is the point of being original

Close you eyes and you can see it  
Your name is on the cover of your book  
You are self-titled

We wanna be We wanna be M.Jordan  
We wanna be We wanna be Brad Pitt  
We wanna be We wanna be Hiroshige  
We are wannabies  
Yeah-yeah

We wanna be We wanna be J.Hendrix  
We wanna be We wanna be Bruce Lee  
We wanna be We wanna be A.Einstein

We are all wannabies
