

# Beating Heart

Ellie Goulding

eyes made their peace in difficulties  
With wounded lips and salted cheeks  
And finally we stepped to leave to the departure lounge  
This belief  
And I don't know where I'm going  
But I know it's gonna be a long time  
And I'll be leaving in the morning  
On the white wine bit to sunlight

Want to hear your beating heart tonight  
Before that bleeding sun comes to life  
I want to make the best of what is left for tight  
And hear my beating heart one last time  
Before the light

And the canyon underneath the trees  
Behind the dark sky he looked at me  
I fell for you like autumn leaves  
And never faded ever green  
And I don't know where I'm going  
But I know it's gonna be a long time  
And I'll be leaving in the morning  
On the white wine bit to sunlight

Want to hear your beating heart tonight  
Before that bleeding sun comes to life  
I want to make the best of what is left for tight  
And hear my beating heart one last time

I can't fake this town  
Everything's changed  
Eyes are leaving your side  
It's hoping we collide  
It's hoping we collide  
It's hoping we collide

Want to hear your beating heart tonight  
Before that bleeding sun comes to life  
I want to make the best of what is left for tight  
And hear my beating heart one last time

Want to hear your beating heart
