

# We Can't Move To This

Ellie Goulding

Used to roll in perfect motion, easy  
Lips like Tanqueray  
Tropical sunrises, never sleeping  
I don't know what changed  
All I want to do is feel the rhythm of the night  
You've been running from the dark  
You can't look me in the eyes  
Being called into the heat  
Even if it's burning me  
I just need to dance without you

We can't move to this  
We can't even talk, boy  
We don't even kiss  
It never works  
We can't move to this  
We can't even talk, boy  
We don't even kiss  
You're not in love  
We can't move to this  
We can't even talk, boy  
We don't even kiss  
It never works  
We can't move to this  
We can't even talk, boy  
We don't even kiss

Through the streets and all the places I've been  
I can see we never had harmony  
I won't go even though I'm alone and I know I want out  
I go up without you bringing me down  
Such a rush  
So now I'm staying to dance on my own  
On my own  
And all I know is

We can't move to this  
We can't even talk, boy  
We don't even kiss  
It never works  
We can't move to this  
We can't even talk, boy  
We don't even kiss  
You're not in love  
We can't move to this  
We can't even talk, boy  
We don't even kiss  
It never works  
We can't move to this  
We can't even talk, boy  
We don't even kiss  
You're not in love

Now I'm giving you up tonight  
Now I'm giving you up tonight  
And I'm dancing on my own because  
We can't move together

Now I'm giving you up tonight  
Now I'm giving you up tonight  
And I'm dancing on my own because  
We can't move together  
Now I'm giving you up tonight  
Now I'm giving you up tonight  
And I'm dancing on my own because  
We can't move together  
Now I'm giving you up tonight  
Now I'm giving you up tonight  
And I'm dancing on my own because  
We can't move to

We can't move to this  
We can't even talk, boy  
We don't even kiss  
It never works  
We can't move to this  
We can't even talk, boy  
We don't even kiss  
And all I know is  
We can't move to this  
We can't even talk, boy  
We don't even kiss  
It never works  
We can't move to this  
We can't even talk, boy  
We don't even kiss  
I'm not in love
