

# Without Your Love

Ellie Goulding

Sooner or later I'll be heading home  
Sooner or later I'll be on my own, (oh-woah)  
June into summer I'll wear our my shoes  
June into summer got nothing to lose

Without your love, I'm gettin' somewhere

Without your love, I'm gettin' somewhere  
Without your love, I'm gettin' somewhere  
Without your love, I'm gettin' somewhere  
Without your love, I'm gettin' somewhere

Without your love, I'm gettin' somewhere  
Without your love, I'm gettin' somewhere  
Without your love, I'm gettin' somewhere  
Without your love, I'm gettin' somewhere

(Oh-oh, oh-oh, oh-oh, oh-oh)  
(Oh-oh, oh-oh, oh-oh)

Move in the sun till I burn all my ties  
Hayfever scratching and watery eyes  
I think I've been waiting for this all my life  
Oh, their stopped kisses left frozen in time, oh

Without your love, I'm gettin' somewhere  
Without your love, I'm gettin' somewhere  
Without your love, I'm gettin' somewhere  
Without your love, I'm gettin' somewhere

Without your love, I'm gettin' somewhere  
Without your love, I'm gettin' somewhere  
Without your love, I'm gettin' somewhere  
Without your love, I'm gettin' somewhere

Without your love, I'm gettin' somewhere  
Without your love, I'm gettin' somewhere  
Without your love, I'm gettin' somewhere  
Without your love, I'm gettin' somewhere

Without your love, I'm gettin' somewhere  
Without your love, I'm gettin' somewhere  
Without your love, I'm gettin' somewhere  
Without your love, I'm gettin' somewhere

Without your love, I'm gettin' somewhere  
Without your love, I'm gettin' somewhere  
Without your love, I'm gettin' somewhere  
Without your love, I'm gettin' somewhere

Without your love, I'm gettin' somewhere  
Without your love, I'm gettin' somewhere  
Without your love, I'm gettin' somewhere  
Without your love, I'm gettin' somewhere
