## I Want to Be Free

**Ellie Holcomb** 

Roll away this stone Roll away this sorrow And take away this pain That I've been holding on to, yeah 'Cause I want to be Like the birds all singing in the trees Oh, Lord, I want to be free

So take away this fear Take away this doubt and Let me know that You're here That You're not going anywhere, yeah 'Cause I want to be Like the fish all swimming in the sea Oh, Lord, I want to be free

'Cause I want to be Like the children playing in the breeze Oh, Lord, I want to be free Oh, my Lord, come and set us all free
