

Coming Home

Elliot Minor

Now we have closure
Our last night is over
Now we're going home
Now we're going home
I'm feeling so fine
When was the last time
When we were at home
Now we're going home

Wait, wait, I'm ready can't you see
If this was up to me
Let's take the car and be gone
Before the day burns into night

We're coming home
The last place where you feel that you're alone
See the sun
It's the only thing that hasn't changed since we've been gone
We were broken
Time travel's open
Now we're coming home
Now we're coming home

Our last glimpse of sunlight
I hope we timed this just right
Let's watch the shadows fall
Let's watch the shadows fall
And over and over
we start to remember
Now we're going home
Now we're coming home

And pain, pain marry me
It's plain as misery
Let's take the car and be gone
Before the day burns into night

We're coming home
The last place where you feel that you're alone
See the sun
It's the only thing that hasn't changed since we've been gone
We were broken
Time travel's open
Now we're coming home
Now we're coming home

We're coming home
The last place where you feel that you're alone
See the sun
It's the only thing that hasn't changed since we've been gone
And if we fall
Will you be there
Will you be there if we fall
You're the one
You're the only one that hasn't changed since we've been gone
See the sun
It's the only thing that hasn't changed since we've been gone

We were broken
Time travel's open
Now we're coming home
Now we're coming home

(See the sun)
(See the sun)
(See the Sun)

(It's the only thing)
(It's the only thing)
(It's the only thing)
