

# The Liar is You

Elliot Minor

And I was with a girl,  
Her eyes were shining gold,  
And she stopped a whole world,  
And everybody knows,  
That shes the one it shows, But not today,  
And here it goes,

And all the things we talked about,  
The dreams were never true,  
I'm stuck day to day livin' a lie,  
The liar is you,  
Now things have to change,  
Things never stay the same,  
Things never stay the same,

And I was with a girl,  
She meant so much to me,  
And now she's gone,

I'm stuck day to day livin' a lie,  
The liar is you,  
Now things have to change,  
Things never stay the same,  
Things never stay the same,

They're all the same,  
They're all the same,  
They're all the... (4x)

And all the things we talked about,  
The dreams were never true,  
I'm stuck day to day livin' a lie,  
The liar is you,  
Now things have to change,  
Things never stay the same,  
Things never stay the same. (4x)
