

The White One Is Evil

Elliot Minor

Sit back, i'll take you for a ride
to anyplace where you decide
keep holding on and don't let go too quickly
knocked down, i'm lying on the floor
ooh shit, he's coming back for more
what can i do, where can i hide
for safety

pre-chorus

strive to kiss again, she blinds
i've been here once before
you keep me running in circles
can't stand it, i'm running empty handed
it's not a waste of time
i know you do it for pleasure

chorus

were you sent to destroy me
look i'm still breathing
i warned you the white one is evil
she will kill
you

downtown, i'm going by the store
oh look, she's coming back for more
i need to run, don't wanna catch me
today's she's serious

i'm trapped, caught and now i'm going under
strike her down with bolt of thunder
play your game but when i dare ya
keep on trying

pre-chorus

*chorus*X2

standing stalling, always falling
story of my life
dying, kissing come embrace me
always giving up
standing stalling, always falling
story of my life

sit back, i'll take you for a ride
to anyplace where you decide
keep holding on and don't let go
too quickly
knocked down, i'm lying on the floor
ooh shit, he's coming back for more
what can i do, where can i hide
for safety

pre-chorus

*chorus*X2
