

# Happiness

Elliott Smith

Activity's killing the actor  
And a cop's standing out in the road turning traffic away  
There was nothing she could do until after  
When his body had been buried below, way back in the day

Oh my, nothing else could have been done  
Made his life a lie so  
He might never have to know anyone  
Made his life the lie you know

I told him that he shouldn't upset her  
And that he'd only be making it worse involving somebody else  
But I knew that he'd never forget her  
While her memory worked in reverse to keep her safe from herself

And oh my, nothing else could have been done  
She made her life a lie so  
She might never have to know anyone  
Made her life the lie you know

What I used to be  
Will pass away and then you'll see  
That all I want now  
Is happiness for you and me

What I used to be  
Will pass away and then you'll see  
That all I want now  
Is happiness for you and me

What I used to be  
Will pass away and then you'll see  
That all I want now  
Is happiness for you and me

All I want now is happiness for you and me
