

# Little One

Elliott Smith

One more little one  
I'll go down and stay down  
Sleep the rest of the day  
Dreaming music to calm down

And stay down and keep evil away  
I can see you asleep  
Changing your shape  
Dissolved in some dream

As a new one appears  
To take you along where you've never been  
The moonlight tonight seems to belong to me  
'Cause I never go to sleep  
I keep it company

One hit wouldn't matter a bit I'll  
Stay down and think  
What's here to find  
If it's good or?

And I won't know the fact that I'm dying  
If I seem to be reckless with myself  
It's the fault of no one  
All things have a place

Under the moon as well as the sun  
One more  
Little one I love you
