

Can't Keep On Loving You

Elliott Yamin

How do I get close
When she looks like an angel
A moment of her time just seems impossible to me
It's hard to find the words, to get to know this stranger
I'm scared of what she'll say if what I say sounds incomplete
And it feels like we belong together
Can someone tell me where do I start

Cause, I can't keep on feelin' the way I do
I can't keep on, hiding my heart from you
I got to say something before
Someone else comes through,
I can't keep on loving you,
From a distance

She's always on my mind, there's no room left for thinking
I'm tired of waiting slowly fading at least I'm happy now
Cause I'm running out of time, and I feel this ship is sinking
The doors are closing I am frozen I need her around
And it feels like we belong together
Can someone tell me where do I start

Cause, I can't keep on feelin' the way I do
And I can't keep on, hiding my heart from you
I got to say something before
Someone else comes through,
I can't keep on loving you,
From a distance
From a distance
From a distance
From a distance

I can't hide
I can't keep on feelin' the way I do
And I can't keep on, hiding my heart from you
I got to say something before
Someone else comes through,
Cause I can't keep on loving you,
I can't keep on loving you from a distance.
