

Let Love Be

Elliott Yamin

Yeah, yeah,
Let love be

Baby,
Fell in love before he took your heart away.
And then he left you in the cold
And it's crazy, yeah
'Cause now you tell yourself you'll never fall in love again.
I know it's hard to let it go

But you gotta stop, breathe
Maybe it's no coincidence
That's you're here with me
Girl you should have a change of heart (Listen)

Everybody knows when you find true love you might not find it again
So take it by the hand
And let love be
Everybody knows when you find true love you might not find it again
So take it by the hand
And let love be (yeah yeah)
Let love be (yeah yeah)
Let love be

Baby
I know sometimes you want to run away
Why don't you run into my arms?
And maybe
I can help you see, help you see things my way
I see you for the star that you are

But you gotta stop, breathe
Maybe it's no coincidence
That you're here with me
Girl you should have a change of heart (yeah yeah)

Everybody knows when you find true love you might not find it again so take
it by the hand
And let love be
Everybody knows when you find true love you might not find it again so take
it by the hand
And let love be (yeah, yeah)
Let love be (yeah, yeah)
Let love be

Sometimes it's written across the sky
Might be in disguise
Sometimes it's easy to see
That's it's a beautiful thing
Let love be
Sometimes the writing's on the wall
Or maybe those words are just too small
For you to see
So open your eyes
And let love be

Everybody knows when you find true love you might not find it again so take

it by the hand (take it by the hand)
And let love be
True love comes when you find yourself
And that's where the story begins
So take it by the hand
And let love be. (yeah, yeah)
Ooh let love be yeah. (yeah, yeah)
Ooh let love be.
Oooh, oh yeah
Let love be.
