You Say

Elliott Yamin

Maybe it was wrong to say Nothing as you walked away Baby, I know you've been confused Telling me that it's too late

I thought you'd say goodbye for good But you're still here with me How did we get so misunderstood

'Cause you say you ain't got time for me Actions speak louder than words You try to say you'd rather be all by yourself

Ooh but I can see the way The way you look at me And baby, I don't believe, believe what you say You say

You know that it's cool to look Look the way you do tonight Girl, you know I'm onto you 'Cause something just don't add up right, no

I thought you said you felt unsure Oh, but hearts don't lie 'Cause now you're back at my front door, ooh

'Cause you say you ain't got time for me Actions speak louder than words You try to say you rather be all by yourself

Ooh but I can see the way The way you look at me And baby, I don't believe, believe what you say You say

You thought I didn't care I thought you wouldn't stay I hope we can go forth from on this day

Let start over again We don't have to pretend That it's over, it's over

'Cause you say you ain't got time for me Actions speak louder than words You try to say you rather be all by yourself

Ooh but I can see the way The way you look at me And baby, I don't believe, believe what you say Oh, I don't believe what you say

Maybe I was wrong to say Nothing as you walked away
