

# You

Elliott Yamin

Memories of her face, they just keep playing  
Like a drum inside my head  
Baby, will you make it stop?  
And I feel so separated from the truth  
And everything she ever said  
Could it all be for none?

Oh, how can she say to me it's over  
When we've just begun  
I gotta find a way to tell her

Girl, it's you that's been on my mind  
'Cause you been gone too long  
Girl, it's you, I wish I could fight  
To ask you what went wrong

Girl, it's you and with you it's where  
I know my heart belongs  
Can't you see there is only one for me?  
And girl, that's you, oh

Just another chance is all I ask of you  
To show you how I feel  
Did I get you way too much?  
Oh, I kissed your lips, I felt your hips  
And what we did, it felt so real  
You couldn't say it wasn't love, oh oh

How can you say to me it's over  
When we've just begun  
I gotta find a way to tell her, oh

Girl, it's you that's been on my mind  
'Cause you been gone too long  
Girl, it's you, I wish I could fight  
To ask you what went wrong

Girl, it's you and with you it's where  
I know my heart belongs  
Can't you see there is only one for me  
And girl, that's you

Don't you wanna come back home?  
Tell me why should love only be a dream  
I don't know, I know you don't want to be alone  
'Cause you're the one and you should be with me

Oh, ooh, I been thinking 'bout it and baby  
Girl, it's you that's been on my mind  
'Cause you been gone too long  
Girl, it's you, I wish I could fight  
To ask you what went wrong

Girl, it's you and with you it's where  
I know my heart belongs  
Can't you see there is only one for me  
And girl, that's you

There is only one for me  
And girl, that's you
