

Suitcase And Atoms

Elliott

The citizens are looking quite the same
But then again we are check the files
And learn its not OK to go quite
That far I guess well take it back assuming
That's OK tenants took all the medical files
I guess I'll do the same assuming
That this conversation will allow us to get by suitcase

Is all we've got suitcase
And atoms allow us to get by suitcase
And atoms are all we've got
I guess well take it all not a trace of
Where you hide all the medical files
To keep me in the straight assuming
That this conversation allows us
To get by suitcase is all we've got
