

# Everybody

Elliphant

Everybody got a nine  
Everybody is a bad boy now  
Everybody wanna shine  
Everybody drink your champagne now  
Everybody is the shit  
Everybody is the big thing now  
Everybody is the boss  
Everybody rocking gold chains now

Ain't nobody wanna work?  
Ain't nobody wanna open up?  
Ain't nobody wanna give?  
Ain't nobody wanna wrap shit up?  
Ain't nobody wanna fail?  
Ain't nobody doing real these days?  
Ain't nobody being true?  
Ain't nobody ever go my way?

Woah oh oh oh  
Woah oh oh oh, oh oh oh  
Woah oh oh oh  
Woah oh oh oh, oh oh oh

Everybody wanna bite  
Everybody want to pick a bone  
Everybody gotta eat  
Everybody think they are their own  
Everybody can not win  
Everybody want it fresh and fast  
Everybody wanna fuck  
Everybody think that time won't last

Ain't nobody wanna pay?  
Ain't nobody wanna clean shit up?  
Ain't nobody built the base?  
Ain't nobody reach the goddamn top?  
Ain't nobody looking here?  
Ain't nobody gonna leave this shit?  
Ain't nobody wanna say?  
Ain't nobody really know a thing?

Woah oh oh oh  
Woah oh oh oh, oh oh oh  
Woah oh oh oh  
Woah oh oh oh, oh oh oh

I'll be sippin' lemon-lime  
Diamonds on my neck and wrist, hold me  
I'll be really tryna chill  
Tryna roll a little dope and just smoke it  
Gettin' in and out of deals  
I ain't fucking with tha industry  
All these bitches wanna steal  
All these rappers wanna sleep on me  
But I peel off in that Benzo  
And I'm shinin' when that camera click, nigga  
Was poppin' with that shit today

Is you really, really finna trick, nigga  
Cause you know I'm major overseas  
And I'm way too hot for TV  
Verse flock and clock like a seed  
They better all tryna be me!

Woah oh oh oh  
Woah oh oh oh, oh oh oh  
Woah oh oh oh  
Woah oh oh oh, oh oh oh  
Woah oh oh oh  
Woah oh oh oh, oh oh oh
