

Music Is Life

Elliphant

Music is life
Life, life, life
Come again
/E-li-phant/

Holla at me hater, I'mma holla back
See me cut a dread in a disco track
Beer's on ice, soon as I'm home
Roll up a shrink now my beer is cold

I put my headphone on, make a blood beat
And soon I'mma zone, I'mma groovin'
Gotta keep groovin', gotta groove for life
Riddim's mi window, it's me hope, it's me life

I gotta stay true yo, visitors free
I gotta hold on now, this time is me
And my man Ras G, hey - if he cook a rock, serve a melody

Ey yo oh - Gotta keep movin', and groovin' for life, for life
Ey yo oh - this type of music keep me groovin' for life, for life
Music is life

/E-e-e-elliphant/

Anotha day anothda dollar say
Waking up, waking down, wanna fly away
Who are you big G, I never saw you bro
you like a brush in my eyes, a-a-alright

Good vibes the people them want
Play the music an tell me' ya can't
from Jamaica, Sweden to France
People, I jump an' prance

It's a source of life
Take it from the word of the wise
When I down an' out and I need some strength
music can keep me alive

Ey yo oh - Gotta keep movin', and groovin' for life, for life
Ey yo oh - this type of music keep me groovin' for life, for life
Music is life

Feel no pain, ah
Blood run tru' my vein, ah
Feel so good, ah
In my neighborhood

Breathe in, breathe out and feel the love, G
You may be poor but music is free
A shitty day but then you press play
Music will take you away

Ey yo oh - Gotta keep movin', and groovin' for life, for life
Ey yo oh - this type of music keep me groovin' for life, for life
Ey yo oh - Gotta keep movin', and groovin' for life, for life

Ey yo oh - this type of music keep me groovin' for life, for life
Music is life

You gotta keep movin' boy
You gotta keep movin' gal
You gotta keep movin' up
You gotta keep movin' a movin' a move
