

# One More

Elliphant

Come on now sugar, come  
I really don't wanna go home  
Stay with me, be a friend  
These streets so cold  
And our money's full of goals  
Come up now, take your car  
I own a CC bar  
Not far downtown, you get taccos for free  
And it's open all night, come on hang with me

I got money, I got money  
(I play for you, I play for you)  
I got money, I got money  
(I play for you, you play for me)

Stay with me tonight  
We can count the street lights  
Stay with me alright  
Let us bring it all back to life  
(Don't fade away) Stay!

I like it here, fuck work  
Plus, you said your boss is a jerk  
I need you now, don't bail on me  
I'mma break, you see, let's do what we  
Always used to do  
Stupid round like two fools  
Nights alone, I'm feel alone  
You look after me, it hurts, oh

I got money, I got money  
(I play for you, I play for you)  
I got money, I got money  
(I play for you, you play for me)

Stay with me tonight  
We can count the street lights  
Stay with me alright  
Let us bring it all back to life  
Don't fade away, stay!

One more, come on  
It's not a big deal  
One more (one more, girl)  
On me (come on), let we go on  
It's not a big deal (it's not a big deal)  
One more (one more), on me (come on)  
It's not a big deal (it's not a big deal)  
One more (one more), on me (on me)  
Let we go on (and we go on)  
It's not a big deal (it's not a big deal)

Stay with me tonight  
We can count the street lights  
Stay with me alright  
Let us bring it all back to life  
Don't fade away, stay!
