

# Save The Grey

Elliphant

Man is my dirty and each made clean, STG  
Look into the eyes of them we pee sincere, STG  
Mama's not fast but her motor run full, STG  
Heartbeat of fire and bones made of gold  
Need the heat rock a set and we getting gon'

Footprints in the sand, big steps been taken  
We give the love back to the old and grey  
Ocean going red, that is what clickin'  
Tears running butter gonna save the day

Save the grey  
Save the grey, we are forever  
If you don't say it with me  
Just save the grey  
Save the grey, louder, say it with me

Save the grey  
Save the grey, we are forever  
If you don't say it with me  
Just save the grey  
Save the grey, louder, say it with me

Clutter with pressure so easy to see, STG  
Build up on the ground but not break easy, STG

Footprints in the sand, big steps been taken  
We give the love back to the old and grey  
Ocean going red, that is what clickin'  
Tears running butter gonna save the day

Save the grey  
Save the grey, we are forever  
If you don't say it with me  
Just save the grey  
Save the grey, louder, say it with me

Save the grey  
Save the grey, we are forever  
If you don't say it with me  
Just save the grey  
Save the grey, louder, say it with me

(Say it, nah nah nah)

(2x)

Na say it, (na!), loud and clear  
Together, (na!), that once we're here  
Us coming, (na!), we're on our way  
Won't give up, are you with me?  
Na say it, (na!), loud and clear  
Together, (na!), that once we're here  
Us coming, (na!), we're on our way  
Won't give up, won't give up, (save the grey), won't give up

(Save the grey) hear the word fuck all na

(Save the grey) I pretend rock the sky ah  
(Save) easier  
(Save) louder this way, oh
