

# I'm Worried

Elmore James

I'm worried, worried as a man can be  
I'm worried, worried as a man can be  
Worried 'bout my baby, she gone away from me

I'm worried about my baby, I wonder where she gone  
Worried about my baby, and I wonder where she gone  
I hope some day, my baby will come back home, oh yes

I hope someday, my baby love is gonna return  
Hope someday, my baby love will return  
If she don't come back to me,  
my whole live will go to ruins
