

## Sunny Land

Elmore James

Seems like I heard that lonesome Sunnyland blow  
Seems like I heard that lonesome Sunnyland blow  
Now it blowing just like it won't be back no more  
Well I feel bad this morning, feel just like I want to cry  
Feel bad this morning, feel just like I want to cry  
Well my baby rode that Sunnyland this mornin', she didn't even  
once say goodbye  
I got a letter from my baby, and she said she was coming home  
Got a letter from my baby, and she said she was coming home  
Well sat around waiting, baby, and I hope it won't be long  
She said, cool down papa, now you better change your way  
She said, cool down papa, and you better change your way  
Yeah it's true, you know I love you baby, and you gonna need my  
help some day
