

## Daylight

Eloy

Daylight, back to daylight  
See the sun break through the trees  
Daylight, back to daylight  
Turning darkness into peace

Daylight, daylight  
Freedom once again  
Daylight, daylight  
Farewell to the chains

Living can be easy if you take life in your stride  
I see new horizons push my loneliness aside

Living can be easy if you take life in your stride  
I see new horizons push my loneliness aside
