

Isle Of Sun

Eloy

I'm dreaming on my dream of freedom
Remembering how all will be changed
I'm thinking of a lovely island
Where you find tenderness

We will reach a place for us some day
'Cause I know we'll get the land of peace
Somewhere, the time will come
Someday, somehow

Set me free of my sadness
Push away thoughts of doubt
The darkness pass away
And the sun's gonna shine
All the time when love is near

We will reach a place for us some day
'Cause I know we'll get the land of peace
Somewhere, the time will come
Someday, somehow

We will reach a place for us some day
'Cause I know we'll get the land of peace
Somewhere, the time will come
Someday, somehow

Set me free of my sadness
Push away thoughts of doubt
The darkness pass away
Sun's gonna shine
All the time when love is near

We will reach a place for us some day
'Cause I know we'll get the land of peace
Somewhere, the time will come
Someday, somehow
