

## Seeds Of Creation

Eloy

I've spent my life in darkness  
Blind enslaved on the factory floor  
And now a new sensation  
Lost at sea I can see the shore

CHORUS:

I'm seeing trees growing  
I'm hearing birds singing  
I'm feeling rain falling  
Spring is coming winter's on the run  
Each drop of rain's a heart-beat  
Bringing life to this barren ground  
With nature's cycle turning  
Seeds of creation all around

CHORUS:

I'm seeing trees growing  
I'm hearing birds singing  
I'm feeling rain falling  
Spring is coming winter's on the run

BRIDGE:

Stand up stand up  
Face a world full of light  
Stand up stand up  
It's the end of the night  
I feel I feel  
the rays of the sun  
I feel I feel  
winter's on the run
