

## Serenity

Eloy

Silence - incense to the mind  
Planets - perfectly aligned  
Endless - universal vibes  
Swaying - on the fields of life  
Feel an emerald aura rising  
Spreading calm and serenity inside  
Moments - in divine embrace  
Visions - float in outer space  
Shining - colours pass on by  
Flying - on the wings of light  
Pearls of poetry roaming through the mind  
All emotions at last unite  
To fill the air eternally bright  
Silence echoes through universe  
The sound of love is light  
Through the valleys of inspiration  
Wrapped in endless tranquility  
Intuition guides to awareness  
Soaring high from the clearest source inside
