

# Can't Stay Alone Tonight

Elton John

I blew the dust out of the corners  
Threw some dead wood on the fire  
Tuned the radio to silence  
Watched the evening sun expire

Should have called you up this morning  
But I'm such a fool at times  
I still search my shaving mirror  
Looking for your face with mine

And I can't stay alone tonight  
Can't let another day go by  
Why is it always this way?  
Time never seems to really fly  
And time is never really on my side  
And I can't stay alone tonight  
Things have to change and they might  
But I can't stay alone tonight

Chalk up one more crazy notion  
Imagination running wild  
But if I needed confirmation  
I would have gone that extra mile

You're the last chance on the highway  
I'm that open stretch of road  
You're the diner in my rear-view  
A cup of coffee getting cold

And I can't stay alone tonight  
Can't let another day go by  
Why is it always this way?  
Time never seems to really fly  
And time is never really on my side  
And I can't stay alone tonight  
Things have to change and they might  
But I can't stay alone tonight

Bruised in this cold war of words  
We've come undone two loose ends alone  
Possessed by that curse you've endured  
The spell that I cast couldn't make you come home

And I can't stay alone tonight  
Can't let another day go by  
Why is it always this way?  
Time never seems to really fly  
And time is never really on my side  
And I can't stay alone tonight  
Things have to change and they might  
But I can't stay alone tonight  
Things have to change and they might  
But I can't stay alone tonight
