I guess that's why they call it the blues

Elton John

 Don't wish it away Don't look at it like it's forever Btween you and me I could honestly say that things can only get better

And while I'm away Bust out the demons inside And it won't be long before you and me run To the place in our hearts where we hide

- R: And I guess that's why they call it the blues Time on my hands could be time spent with you Laughing like children, living like lovers Rolling like thunder under the covers And I guess that's why they call it the blues
- 2. Just stare into space Picture my face in your hands Live for each second Without hesitation and never forget I'm your man

Wait on me girl Cry in the night if it helps But more than ever I simply love you More than I love life itself

R: And I guess that's why they call it the blues...
