

# My Baby Loves Lovin'

Elton John

My baby loves loving, my baby loves loving  
She's got what it takes, and she knows how to use it  
My baby loves loving, my baby loves loving  
She's got what it takes, and she knows how to use it

I was lonely once in this great big world  
Just a nowhere man without a girl  
'Till that lucky day when she came my way  
And she smiled at me as if to say

My baby loves loving, my baby loves loving  
She's got what it takes, and she knows how to use it  
My baby loves loving, my baby loves loving  
She's got what it takes, and she knows how to use it

She's the only one, makes me feel so good  
Can't believe my love so I knock on wood  
All my silent fears seem to fly away  
And she smiled at me as if to say

Your baby loves loving, my baby loves loving  
She's got what it takes for me

No more lonely nights just waiting for the telephone to ring  
No more lonely days, my baby's taking care of everything  
I'm telling you people

My baby loves loving, my baby loves loving  
She's got what it takes, and she knows how to use it  
My baby loves loving, my baby loves loving  
She's got what it takes, and she knows how to use it

She's the only one, makes me feel so good  
Can't believe my love so I knock on wood  
All my silent fears seem to fly away  
And she looked at me as if to say
