

# Pain

Elton John

What's your name, my name is Pain  
Where do you live, I live anyplace  
Where were you born, in the state of fear  
How old are you, nineteen hundred and ninety four years

What's your plan, my plan is pain  
When will you leave, I'll never go away  
How will you breathe, you'll give me life  
How will you see, sitting in the temple right between your eyes

My name is Pain, you belong to me  
You're all I wanted, I'm all you'll ever be  
From the beginning in a world without end  
I am the air, I am Pain

Pain is love, Pain is pure  
Pain is sickness, Pain is the cure  
Pain is death, Pain is religion  
Pain is life, Pain is television

Pain walks, Pain crawls  
Pain is peace, Pain is war  
Where were you born, in the state of fear  
How old are you, nineteen hundred and ninety four years

My name is Pain, you belong to me  
You're all I ever wanted, I'm all you'll ever be  
From the beginning in a world without end  
I am the air, I am Pain
