

# Pagan Revolution

Elvenking

'A hymn to all our Pagan brothers and sisters and to everyone who's afraid of showing his/her true self to the world. This song is about letting yourself go, no matter what other people say. It is dedicated to the outcast, the ones like us, who are proud of being different and special, for those who stand against ignorance and moral hypocrisy. This is the Pagan Revolution!"

UNLEASH! UNLEASH! The power that you have inside  
UNLEASH! AND JOIN! The pagan revolution

Open your heart to the spirit of the night  
Nature's purity your feelings will ignite  
The primitive arousal of a better time to come  
So let your heart beat to the rhythm of the drums

Sing and dance to the sound of revolution  
Come and join this heathendom  
Not a rioting song, a public moral execution  
Enemies of liberty here we come

Open up your heart to the spirit of the wild  
Live your days in wonder as if you were a child  
The crackling of the fire, the silence of the night  
The wind will whisper words of freedom and delight

Sing and dance to the sound of revolution  
Come and join this heathendom  
Not a rioting song, a public moral execution  
Enemies of liberty here we come

UNLEASH! UNLEASH! The power that you have inside  
Let your mind and spirit free  
UNLEASH! AND JOIN! The pagan revolution  
we are Mother Earth's army, we are proud of who we are
