

## Secondary Modern

Elvis Costello

This must be the place  
Second place in the human race  
Down in the basement  
Now I know what he meant  
Secondary modern  
But there won't be a problem till the girls go home  
This is the hand that you never shook  
You never gave me the chance that I took  
Secondary modern  
But there won't be a problem till the girls go home

Is it out of the question  
Between you and me  
Is it pleasure or business  
Or a packet of three?

Nobody makes me sad like you  
Now my whole world goes from blue to blue  
Secondary modern  
But there won't be a problem till the girls go home...
