

## So Young

## Elvis Costello

Do  
Do do do do do  
Do do do do do  
Do do do do do

So young  
We've discovered  
Got them so confused  
Don't mind putting the time in  
It's shocking  
That's what they all say now  
When we're walking hand in hand  
Eyes are on you and I

Ooh yeah, ooh yeah, you said it's time now  
We've got them hanging on a string  
There's no time for compromises  
We got that killer thing  
So young, so young  
So young, so young  
So young, so young  
So young, so young

It's wrong to run for cover  
We've got them in a spin  
You don't mind sticking the slicker in  
It's too late  
That's what they all say now  
When we're walking hand in hand  
Eyes are on you and I

Ooh yeah, ooh yeah, you said it's time now  
We've got them hanging on a string  
There's no time for compromises  
We got that killer thing  
So young, so young  
So young, so young  
So young, so young  
So young, so young

Do do do do do  
Do do do  
Do do do do do

[illegible]

So young, so young  
So young
