Happy ending, happy ending
Give me a story with a happy ending
When boy meets girl and then they never part again
But live forever happily like you and me

Our love story gets me so upset Like Romeo and Juliet I'm not smart enough to figure why Some folks enjoy a real good cry

Happy ending, happy ending
Give me a story with a happy ending
When boy meets girl and then they never part again
But live forever happily like you and me
(You and me, you and me, you and me, you and me)

Never thought that I would stand a chance That you'd give me a second glance But I think that you can play the part And give a guy a happy heart

Happy ending, happy ending
Give me a story with a happy ending
When boy meets girl and then they never part again
But live forever happily like you and me
(You and me, you and me)

When boy meets girl and then they never part again But live forever happily like you and me (You and me)
Like you and me, like you and me (You and me, you and me, like you and me)
