

# I'm Counting On You

Elvis Presley

All the words that I let her know  
Still could not say  
How much I need you so in every way

I hope you will guide me  
As only you can do  
Hold my hands down beside me  
I'm counting on you  
I'm counting on you dear  
From the dawn of each day

To always come through dear  
In your kind lovin' way  
If you knew just how deeply  
I feel things you do  
Then you know how completely  
I'm counting on you

I'm counting on you dear  
Around the dawn of each day  
To always come true, dear  
In your kind lovin' way  
If you knew just how deeply  
I feel things you do  
Then you know how completely  
I'm counting on you.
