Come on kids from eight to eighty Hey there mister bring your lady There's a big show on the inside It's carnival time

Popcorn, peanuts and cotton candy Pink lemonade that's dan-dan-dandy Be a big shot for a dollar It's carnival time

Roustabouts are roustabout'n

And there's happy shouts, children shoutin

If you've got doubts quit your doubtin'

There's thrills, it's spice

It's cheap at half the price

So don't be bashful, buy a ticket

Get the habit never kick it

Hit the band there, don't just stand there

It's carnival time

Roustabouts are roustabout'n

And there's happy shouts, children shoutin

If you've got doubts quit your doubtin'

There's thrills, it's spice

It's cheap at half the price

So don't be bashful, buy a ticket

Get the habit never kick it

Hit the band there, don't just stand there

It's carnival time

It's carnival time
