

## Take Me to the Fair

Elvis Presley

Take me to the fair  
Take me to the fair, don't know anywhere  
I would rather be

Let's, go to the fair  
We'll walk hand in hand, through Tomorrow Land  
Honey you and me

[Chorus:]

I wanna see everything, do everything  
While we're doin' it all  
I'll buy the peanuts and popcorn  
We'll have us a ball

You can spend my pay  
Crush me in the crowds, I'll be in the clouds  
Honey I don't care

Take me there by sleigh  
Roller skate or bike, anyway you like  
But take me to the fair

I wanna see everything, do everything  
While we're doin' it all  
I'll buy the peanuts and popcorn  
We'll have us a ball

You can spend my pay  
Crush me in the crowds, I'll be in the clouds  
Honey I don't care

Take me there by sleigh  
Roller skate or bike, anyway you like  
But take me to the fair

Take me to the fair  
Take me to the fair
