

## Who Are You (Who Am I?)

Elvis Presley

Who are you, who am I?  
Are we more than strangers passing by?  
Is this your dream are you in mine?  
Are we really here or lost in time?

Will you be friend or lover  
Show me the heart you conceal  
Now is the time to discover  
If this feeling we're feeling is real  
So close to love and yet so far  
Just one kiss will tell us who we are

Will you be friend or lover  
Show me the heart you conceal  
Now is the time to discover  
If this feeling we're feeling is real  
So close to love and yet so far  
Just one kiss will tell us who we are
