

Filthy

Elysia

For every child touched by her sacred tongue
For every orgasm that's reached my ears
For every night children lay to dream of her lust
Fuck her to death
That fucking bitch is gonna pay
She's heartless - she's empty - she's hollow
I shoved a vacuum through her cunt but nothing came out
She can crawl into my bed but she can never crawl into my heart
I'll be the last thing she sees before she dies
Using a gun to stimulate her clit
She's crying but I simply will not quit
I pulled the trigger as her moans grew bigger
I stared into her pretty eyes as I cut

As I tear at her flesh and rip that fucking slut

Tear at her flesh, rip that fucking slut (3x)
Rest in peace that fucking slut

Bury her 6 feet closer to hell

Fuck her to the grave

Dig a ditch and bury the bitch
